

A TRUSTED LEADER IN AUTOMOTIVE STEERING SYSTEMS

Since 1987, AAE has been an industry leader of new and remanufactured steering racks, power steering pumps, and related electric components.

- **EPS NEW & REMAN PRODUCTS**
- **EHPS NEW & REMAN PRODUCTS**
- **HPS NEW & REMAN PRODUCTS**

Thanks to our rigorous testing and quality control, we have one of the lowest warranty rates in the industry. What's more, all of our remanufacturing is done here in the US of A — and even our new parts are tested and proven here.

AAE IS PART OF THE CRP AUTOMOTIVE FAMILY OF BRANDS.

A COMPREHENSIVE LINE OF HIGH-QUALITY STEERING SYSTEM PARTS FOR DOMESTIC AND IMPORT VEHICLES.

NEW

POWER STEERING PUMPS

- **Same form, fit, and function as the OE**
- New metal pulley installed on all “press on” applications
- Reservoir or return pipe installed on every unit/pump
- Temperature studs installed
- **Every unit tested and stamped for quality control**

HYDRAULIC POWER STEERING RACKS

- Enhanced designs to overcome OE design flaws
- All assembled with mounting bushing, inner tie rods, and boots
- **Engineered and quality tested in the USA**
- 100% road simulation tested for pressure, load, flow, and balance

REMAN

POWER STEERING PUMPS

- New bearings and seals
- New temperature studs installed
- **AAE load tested for quality control**

RACKS

- New bearings, O-rings, bushings, seals, and inner tie rods
- New bellows with an Oetiker stainless steel clamp
- **AAE tested for quality control**

ELECTRONIC REMAN

ELECTRIC STEERING COLUMNS/ ELECTRIC RACKS/ELECTRO HYDRAULIC POWER STEERING PUMPS

- All units cleared of internal faults and cycled numerous times to ensure proper function of remanufactured units
- New torque sensors, bearings, O-rings, seals, and bushings
- Motherboards are rebuilt
- **AAE tested for quality control**
